Provide Physical 911 Address of Service:

The District agrees to provide service to the customer and the customer agrees to purchase and receive service from the District in accordance with the rules and regulations of the District.

The connection is for the sole use of the Customer to provide service to one dwelling, business or property. The Customer shall not share, resell, or sub-meter service with any other dwelling, business, property, etc., without the specific written authorization of the District and in compliance with the applicable laws and regulations.

The District has the right to locate a connection and the line necessary to make the connection on the property of the Customer at a point mutually agreeable to both the District and the Customer. The Customer will allow the District access at all reasonable times to its property and equipment located upon Customer's premises for the limited purposes of repairing or replacing existing facilities and the inspection of Customer's facilities to check for illegal connections and unsafe plumbing practices.

The Customer will be responsible for maintenance and repair of the service line from the main to Customer's dwelling.

The Customer grants to the District an easement/right-of-way for the purposes of installing, maintaining and operating such pipes, lines, meters, valves, and any other equipment which may be deemed necessary for the provision of service to Customer. The District will attempt to restore the Customer's property to its original condition after the installation or repairs. The Customer agrees not to interfere with the District's employees in the discharge of their duties. The Customer will not permit anyone except the District's employees to tamper with or interfere with any of the equipment installed on the Customer's premises.

Water Control and Improvement District #1

Service Agreement

- **PURPOSE:** **Evadale Water Control and Improvement District #1** is responsible for protecting the drinking water supply from contamination or pollution which could result from improper plumbing practice. The purpose of this service agreement is to notify each customer of the plumbing restrictions which are in place to provide this protection. The utility enforces these restrictions to ensure the public health and welfare. Each customer must sign this agreement before the **Evadale Water Control and Improvement District #1** will begin service. In addition, when service to an existing connection has been suspended or terminated, the water system will not re-establish service unless it has a signed copy of this agreement.
- **PLUMBING RESTRICTIONS:** The following unacceptable plumbing practices are prohibited by State regulations.
 - No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or an appropriate back-flow prevention device.
 - No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone back-flow prevention device.
 - No connection which allows water to be returned to the public drinking water supply is permitted.
 - No pipe or pipe fitting which contains more than .025% lead may be used for the installation or repair of plumbing at any connection which provides water for human use.
 - No solder or flux which contains more than 0.2 percent lead can be used for the installation or repair of plumbing at any connection which provides water for human use.
- **SERVICE AGREEMENT:** The following are the terms of the service agreement between the **Evadale Water Control and Improvement District #1** and **THE CUSTOMER**.
 - **The Evadale Water Control and Improvement District #1** will maintain a copy of this agreement as long as the Customer and/or the premises is connected to the **Evadale Water Control and Improvement District #1**.
 - The Customer shall allow his property to be inspected for possible cross-connections and other unacceptable plumbing practices. These inspections shall be conducted by the **Evadale Water Control and Improvement District #1** or its designated agent prior to initiating new water or sewer service; when there is reason to believe that cross-connections or other unacceptable plumbing practices exist; or after any major changes to the private plumbing facilities. The inspections shall be conducted during the **Evadale Water Control and Improvement District #1** hours.
 - **The Evadale Water Control and Improvement District #1** shall notify the Customer in writing of any cross-connections or other unacceptable plumbing practices which have been identified during the initial inspection or the periodic re-inspection.
 - The Customer shall immediately correct any unacceptable plumbing practice on his premises.
 - The Customer shall, at his expense, properly install, test, and maintain any back-flow prevention device required by the **Evadale Water Control and Improvement District #1**. Copies of all testing and maintenance records shall be provided to the **Evadale Water Control and Improvement District #1**.

• **ENFORCEMENT:** If the Customer fails to comply with the terms of the Service Agreement, the Evadale Water Control and Improvement District #1 shall, at its option, either terminate service or properly install, test, and maintain an appropriate back-flow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Customer.
