

REQUEST FOR PROPOSALS

Evadale Water Control and Improvement District No.1 (EWCID#1) is seeking proposals for labor consultant services associated with labor standards for EWCID#1 – DWSRF – 62873 Water System Improvements funded by the Texas Water Development Board (TWDB). NOTICE IS HEREBY GIVEN THAT proposals addressed to Evadale Water Control and Improvement District No.1 will be received at the office of EWCID#1, 150 County Road 857, Evadale, Texas 77615 or via e-mail at ewcid1@yahoo.com, until **2:00 pm** on **March 8, 2024**.

PROPOSALS: EWCID#1 is seeking to contract with a competent firm, that has had experience in the following areas and as outlined in the TWDB 0550 Supplemental Contract Conditions and Instructions and DB-0156:

- Review of Contractor Weekly Payroll for conformance with Davis Bacon Wage Rate Requirements
- Site Interviews with Contractor Employees
- Review Site Posters and all jobsite documentation for conformance with Davis Bacon Wage Rate Requirements
- Report Violations
- Provide EWCID#1 with written confirmation of Davis Bacon conformance by Contractor to satisfy TWDB requirements.

SCOPE OF WORK: Construction contract provides for the installation of water system improvements. The proposed contract duration is 120 calendar days. One general contractor and one subcontractor are anticipated. The construction contract is \$278,150.00 to be paid for with funds from TWDB and local funds.

Please provide within your proposal a list of past clients, local governments, as well as resumes of all employees who will or may be assigned to this project if your firm is selected. Provide proposed fee, including hours, hourly rates for various tasks and any direct expenses that will be charged. The proposal should include the proposed staff hourly rates, plus overhead, travel and additional project costs, along with a “not to exceed amount” for services rendered. Any contract or contracts awarded under this RFP are expected to be funded by EWCID#1. Neither the State of Texas nor any of its departments, agencies, or employees are or will be a part of this RFP, or any resulting contract.

The selected firm shall ensure that EWCID#1’s funded project complies with the requirements of the source of funds being used and any other legal requirements that may be applicable. The firm shall maintain accuracy in documentation and filing system that meets or exceeds the funding source.

For questions regarding this project, please contact via e-mail only:
